Roll-Up Tool Kit

Keep the tools you use most frequently in one convenient location.

Key Features

▶ *Easy to store.*

▶ *Tools are easily visible.*

▶ *Makes organisation simple.*

Technically Speaking

You don't have to carry a big, heavy tool kit on every call. With the Roll-Up Tool Kit you can take only the tools that you need.

The kit includes a 4" replaceable blade handle, a 3/19" slot blade, two Torx® drivers #10 and #15, two nutdriver blades, two X-points: #0, #1, a parts picker, a tweezer, and an IC inserter and extraction tool.

The Roll-Up Tool Kit is the perfect companion to Black Box's other tool kits.

For these and other components...

Call our expert Technical Support Staff for all your Cable needs. They'll help you find the best equipment for your application.
