ELITE SERIES WALLMOUNT CABINETS
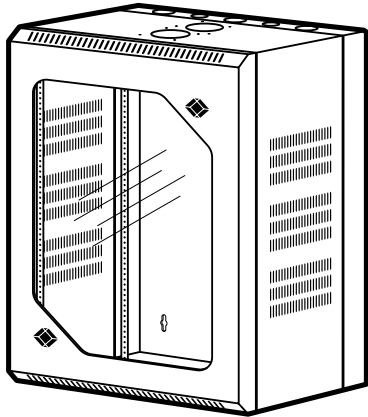

Flexible cabinet design adjusts to your changing equipment and cable configuration.

Key Features

▶ *Convenient, secure, and complete with power supply and mounting accessories.*

▶ *Right- or left-handed access.*

▶ *Variety of cable entrance/exit ports.*

▶ *Mounting rails are easy to adjust.*

Organize your data-communications equipment with the Elite Series Wallmount Cabinet. Choose 24"H (61 cm), 12U; 36"H (91.4 cm), 19U; or 48"H (121.9 cm), 25U. Perfect for schools, small businesses, and workgroups, this convenient cabinet lets you arrange your equipment and cables to suit your application.

The Cabinet comes complete with an accessory kit, which contains the following:

• (4) door keys.

• 75" (190.5 cm) of rubber grommet edge guard for cable protection.

• (50) 10-32 Phillips cup-head screws for panel and equipment mounting.

Your equipment and cabling is secure, too! The front door and middle sections incorporate grabber catches so that the door and middle section can be held shut without being locked. A lock is then available to lock both sections for added security.

And adjusting the mounting rails is a breeze. Your Elite Series Wallmount Cabinet is equipped with 19" EIA mounting. Mounting rails are provided with a standard $\frac{5}{8}$", $\frac{5}{8}$", $\frac{1}{2}$" EIA hole pattern, and the holes are tapped for 10-32 hardware.

Specifications

Size: Inside dimensions: RM339A: 21.25"H x 19"W x 19.5"D (54 x 48.3 x 49.5 cm);
