## Overview

Pure Home Networking Hinged Doors with Keyed Lock and Bezel and Pure Home Networking Lid Covers with Bezel are used with Pure Home Networking Boxes (JHN1014A, JHN1020A, JHN1030A, JHN1040A).

The hinged doors have a keyed lock for security, cable anchoring points, and closed-door cable access. They are constructed of heavy-duty steel and feature a round-edged bezel for neat installation. They connect using the four included screws.

The lid covers are made of heavy-duty steel and have a bezel. They attach using the four included screws.

## Installation

### Installing the Hinged Door or Lid Cover

1. Place the door or lid cover in the proper position on the Pure Home Networking Box.
2. Using the four included screws, attach the door to the enclosure.
