

### Specifications:

**Interface:** Both ports are either male/male or female/female RS-232, depending on the model.

**Connectors:** ME240A-F; (2) DB25 Female.  
ME240A-M; (2) DB25 Male.

**Protocol:** Synchronous

**Leads Supported:** Pins 1 through 8, 15, 17, 20, 22, and 24.

**Data Rate:** From int. clock; 1200 up to 38.4K (user selectable)  
From ext. clock; up to 38.4K

**Power:** Derived from the positive voltage on Pins 2, 4 and 20 of the RS-232 interface.

**Max. Distance:** Under ideal conditions, 600 ft. up to 300 ft. on either side of the unit @ 9600bps; maximum distance is greater for lower data rates and less for higher data rates.

**Operation:** Point-to-Point, full- or half-duplex.

**Led's:** Total (6); 2 for TD, 2 for RTS, 2 for CD.
