

## Addendum CertiFiber™

This addendum contains important changes to your May 1998 CertiFiber™ manual. Please keep this addendum with that manual for easy reference.

The Appendix, found on page 61 of your manual, contains important information on PASS/FAIL Criteria. For the most up-to-date information on cable installation, international standards, and conformance techniques, however, please go to:

*[http://cabletesting.com/Fiber\\_Standards.html](http://cabletesting.com/Fiber_Standards.html)*
